

COLOUR & MATERIAL FOCUS

Violet Ice - a touch of Italian latte, a hint of violet, topped with a smooth icy sparkle! One of Intimo's finest collections - Milano has been re-launched into the Instyle Collection with the addition of two beautiful size specific camisoles. The elegant guipure embroidery and shimmering soft elastane fabric give this range a wonderfully elegant look and feel.

SPECIAL FEATURES

The guipure is unusual and offers an elegant and sophisticated look. The firm guipure fabric offers a controlling element, giving great support in both Bra's. The range is ideal for the fuller figured women, as the combination of guipure and micro fibre supports and smooths.

The improvements to this re-released piece, include an additional 'inside cup sling' to reduce strap tension, as well as thicker straps and widened elastic under the arm and bust line for extra hold and support.

STYLING TIPS

Day wear: For the fuller figure, match the 4090 Milano Camisole with the 6501 Roll Top Pant and 4076 Long Wrap Top and for the more petite women style the 4084 Milano Singlet with the 9052 LBD Skirt and 4058 Tie Front Top.

Both Milano tops are great layering pieces that support and control under garments. Try styling either top under a white linen shirt with black wide leg pants and dramatic black accessories to finish.
